Impact Kids & Youth Update

Did you notice all the little changes happening with our kids and youth at Impact? We will have middle school church as well as our continued children's church and nursery on Sunday's because of our committed volunteers and leaders. We also have several new events on the calendar and want to plan even more - but we need your help! The Kids and Youth Team do not want to make plans without you, but instead they want to make plans WITH you that will be beneficial to the spiritual life and development of your child, youth, and family.

Please complete this form [here](#) (blank copies will be available at church), if you are the parent / guardian / nanny / responsible adult of a child or youth, today! Give the completed form to the appropriate leader so that we can better partner with you.
